- Rawl Plugs

Dimensions.

Width	170mm
Height	134mm
Weight	225gm

Swivel Bracket

Part Number: TCBRKT103

Description

Swivel Bracket used to mount a CISCO 2465 patch antenna when needed to be placed other than in the vertical position. The bracket swivels around both the horizontal and vertical axis. The face plate comes predrilled with M4 inserts to accept CISCO 2465 patch antenna.

Detail:

- Anodised Aluminium Construction

Included Components:

- Antenna Mounting screws
- Bracket Fixing Screws
- Rawl Plugs

Dimensions.

Width	170mm
Height	134mm
Weight	225gm

Shown with CISCO Patch Antenna

Swivel Brackets

Part Number: TCBRKT101

Shown with TC Dual Planar Antenna

Description

Swivel Bracket used to mount both planar and patch antenna when needed to be placed other than in the vertical position. The bracket swivels around both the horizontal and vertical axis. The face plate comes predrilled with M4 inserts to accept all Dual Slant and Vertical Planar antenna.

Detail:

- Anodised Aluminum Construction

Included Components:

- Fixing Screws
- Raw Plugs

Dimensions.

Length	140mm
Width	100mm
Weight	170gm
